Expert technical advice and the exclusive distribution of the brands in the field of fluid handling guarantee the quality of all products and services that Quilinox offers.

Our goal; become the best partner of our customers and achieve, along with them, their objectives.

WHO WE ARE

TECHNICAL ADVICE AND SERVICE

At Quilinox we offer our customers the best brands and solutions for fluid handling in the industry.

Our team is trained to offer the best service and technical advice, as the more than 5.000 companies that rely on us show.

OUR HISTORY

MORE THAN 35 YEARS OFFERING THE BEST SERVICE

For almost 40 years our goal has always been the same; becoming the best partner for our customers and, along with them, to be leaders in the stainless steel sector.

We have a highly trained team prepared to offer the best service and advice, including distribution, start up and technical assistance. In addition, we have a wide network of sales engineers covering the whole Spanish territory.

QUILINOX TRADEMARK

QUALITY GUARANTEE

Quilinox registered trademark is a symbol of quality assurance in all our products. Our brands comply with ISO 9001 and the main certifications and regulations.

In addition, we are prepared to offer specific certificates according to the needs and conditions that our customers request.
